

CPCU – Northwest Suburban Chapter

TEST TIPS PROGRAM

Remember when you were studying to take your CPCU exams? No matter when you took your last exam, you could benefit the CPCU candidates with your wisdom.

Our Chapter is compiling an informal pamphlet to help encourage and provide advice to the current CPCU candidates. For the next couple of months, we will be collecting the attached sheets. We will then compile all of the submitted suggestions into a booklet that we can distribute to any CPCU Candidate that is interested in the tips. We will also maintain the suggestions in a notebook that will be available for viewing at the monthly chapter meetings.

Here are some suggestions on what may be a good tip to share:

- ❖ What was the best advice you were given about the exams?
- ❖ Did you take the exam in the beginning of the testing window (on the off chance that you could re-take during the same window, if you didn't do so well)?
- ❖ Did you take them in any special order? If so, what was the order based on?
- ❖ Did you form a study group? Can you suggest how to create a group?
- ❖ Did you use the Keir books or other study resources?
- ❖ Did you wait until the last possible moment? How did that work out for you?
- ❖ Did you eat something special the night before?
- ❖ Share YOUR personal success story.

Don't forget to send them good wishes for their next exam!

If you would like to sign it, please do so. If not, your study tips will remain anonymous.

MENTORING PROGRAM

We are also looking for a few good CPCUs!

If you would be willing to mentor CPCU Candidates in any of the exams, please include that information on the form, on the back of this sheet.

Let us know which exams you are willing to mentor, a phone number or email address you would like the perspective mentees to use to contact you. If you give a phone number, please indicate the hours in which you would like people to contact you.

Finally, please use the additional information line for anything not already covered, such as email support only, willing to meet with CPCU Candidates, etc.

If you have any questions, about the chapter's Test Tips or Mentoring programs, would like to submit additional tips, or volunteer as a CPCU mentor please contact our Candidate Development person, David Cohen, at:
